INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The Jewish Community Foundation of the West
Sacramento, California

We have audited the accompanying financial statements of The Jewish Community Foundation of the West (the "Foundation"), a nonprofit organization, which comprise the statement of financial position as of December 31, 2014, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Jewish Community Foundation of the West as of December 31, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of these financial statements.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 1: ORGANIZATION

The Jewish Community Foundation of the West (the "Foundation") was incorporated on January 4, 2000 under the laws of the State of California with the purpose to administer contributions received and distribute grants which meet community needs.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Foundation is presented to assist in understanding the Foundation's financial statements. The financial statements and notes are representations of the Foundation's management who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Internally, the Foundation accounts and reports for its operations in individual funds, each established according to their nature and objective. While separate accounts are maintained for each fund, the funds have been combined in these financial statements. The funds of the Foundation are maintained as follows:

Administrative Fund – Administrative funds represent a portion of expendable resources that are available for the Foundation's operations.

Endowment Fund – Endowment funds represent funds that are subject to restriction of gift instruments requiring that the principal be invested in perpetuity.

Philanthropic and Donor Funds – Philanthropic and donor funds are available for disbursement at the recommendation of the donor subject to approval by the Board of Directors.

Basis of Presentation

Financial statement presentation follows the guidance of the Financial Accounting Standards Board Accounting Standards Codification Topic 958, Subtopic 205, *Not-for-Profit Entities – Presentation of Financial Statements* (FASB ASC 958-205). Under FASB ASC 958-205, The Foundation is required to report information regarding its financial position and activities according to the following three classes of net assets:

Unrestricted net assets – Net assets that are not subject to donor stipulations.

Temporarily restricted net assets – Net assets subject to donor stipulations that may or will be met either by actions of the Foundation and/or passage of time. Temporary net assets consists of funds to be expended for charitable purposes at the recommendation of the donor or management and in conjunction with approval by the Foundation's Board of Directors.

Permanently restricted net assets – Net assets subject to donor stipulations that must be maintained permanently by The Foundation. Consisting of endowment funds, a portion of investment income and realized investment gains are expendable for charitable purposes at the recommendation of the donor or management in conjunction with approval by the Foundation's Board of Directors.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

Revenues and gains and losses on investments are reported as increases in unrestricted net assets unless use of the related assets is limited by restrictions. Expenses are reported as decreases in unrestricted net assets. Expirations of temporary restrictions on net assets are reported as reclassifications between the applicable classes of net assets.

Donations and Grants Received

Donations and grants received are measured at their fair value and reported as an increase in net assets. The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction is accomplished, restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as released from restriction.

Cash and Cash Equivalents

For purposes of the statements of cash flows, The Foundation considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Concentrations of Credit Risk

The Foundation maintains cash in bank deposit accounts, which at times, may exceed federally insured limits. These accounts are insurable by the Federal Deposit Insurance Corporation up to \$250,000 per bank for each category of legal ownership. The Foundation has not experienced any losses in such accounts and management believes the Foundation is not exposed to any significant credit risk on cash and cash equivalents.

Certain money market accounts and short-term investments are covered under the Securities Investor Protection Corporation (SIPC) up to \$500,000 on securities and \$250,000 on cash balances. The Foundation's custodian of securities carries an additional private brokerage insurance of up to \$1.9 million.

Office Equipment

Office equipment is stated at cost. The Foundation provides for depreciation over the estimated useful lives of the assets using the straight-line method. The estimated useful lives of the equipment range from three to seven years. Accumulated depreciation for the years ended December 31, 2014 and 2013 was \$14,988 and 14,719, respectively.

Investments

The Foundation has adopted Financial Accounting Standards Board Accounting Standards Codification Topic 958, Subtopic 320, Not-for-Profit Entities – Investments– Debt and Equity Securities (FASB ASC 958-320). Under FASB ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Investments in securities are reported at fair value based on quoted market prices for marketable equity securities and money market mutual funds.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments (Continued)

Changes in fair value are recorded as unrealized gains (losses). Realized gains (losses) are recorded upon the sale of the investments. Investment gains pertaining to certain restricted net assets are recorded as temporarily restricted or permanently restricted in accordance with the applicable gift instruments. Interest income is recognized under the accrual basis and dividend income is recognized on the ex-dividend date.

Investments are exposed to various risks such as interest rate, market and credit risks. It is reasonably possible that changes in values of investments will occur in the near term and that such changes could materially affect the amounts reported.

Investment Pools

The Foundation maintains investment pools, consisting of the resources of various endowments and managed funds, to increase its investment flexibility. The endowment funds are accounted for using the "market value unit method." Under this method, each donor fund is assigned a number of units based on the relationship of the market value of all investments at the time of entry in the pool. Pooled assets are valued and new unit values are calculated monthly.

Funds Held for Others

The Foundation receives and distributes assets under certain agency and intermediary arrangements. FASB ASC 958-605 (formerly SFAS No. 136, Transfers of Assets to a Not-for-Profit Organization or Charitable Trust that Raises or Holds Contributions for Others), establishes standards for transactions in which a community foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. FASB ASC 958-605 specifically requires that if a not-for-profit organization establishes a fund at a community foundation with its own funds and specifies itself or its affiliate as a beneficiary of that fund, the community foundation must account for the transfer of such assets as a liability. The liability has been established at the fair value of the funds, which is generally equivalent to the present value of future payments expected to be made to the NPOs reflected under funds held for others on the accompanying statement of financial position.

Tax Status

The Foundation is exempt from federal income tax under Section 501(c)(3), and is not a private foundation under Section 170(b)(1)(A)(vi) of the Internal Revenue Code (IRC). The Foundation is exempt from state income tax under Section 170(b)(1)(A)(vi) of the California Revenue and Taxation Code. After they are filed, the Foundation's income tax returns remain subject to examination by taxing authorities generally three years for federal returns and four years for state returns.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The Foundation has implemented the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820, Subtopic 10 (FASB ASC 820-10), which defines fair value, establishes a framework for measuring fair value, and expands disclosure requirements for fair value measurements.

FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Foundation determines the fair values of its assets and liabilities based on the fair value hierarchy established in FASB ASC 820-10. The standard describes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that The Foundation has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an on-going basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect The Foundations own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include The Foundation's own data.

Reclassifications

Certain amounts in the 2013 financial statements have been reclassified, with no effect to change in net assets, to conform to the 2014 financial statement presentation.

Subsequent Events

Events and transactions have been evaluated for potential recognition or disclosure through September 1, 2015, the date that the financial statements were available to be issued.

NOTE 3: FUNDS HELD FOR OTHERS

The Foundation holds and invests funds on behalf of other 501(c)(3) nonprofit organizations. Activity within the funds for the year ended December 31, 2014 and 2013 is as follows:

	2014	2013
Balance, January 1	\$ 1,521,258	\$ 2,846,196
Deposits	308,118	178,652
Investment income	41,715	53,811
Net realized and unrealized gain on investments	20,126	115,952
Investment fee	(19,612)	(29,665)
Distributions	(113,881)	(1,643,688)
Balance, December 31	<u>\$ 1,757,724</u>	<u>\$ 1,521,258</u>

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

	<u>\$ 530,650</u>	<u>\$ 6,003,867</u>	<u>\$ 6,534,517</u>
As of December 31, 2013:			
Operating, unrestricted	<u>\$ 11,665</u>	<u>\$ -</u>	<u>\$ 11,665</u>
Invested accounts:			
Foundation	\$ 92,969	\$ 95,034	\$ 188,003
Philanthropic	288,226	2,008,598	2,296,824
Organization owned endowment	39,880	676,222	716,102
Organization owned philanthropic	51,797	753,359	805,156
Endowments	<u>65,124</u>	<u>2,147,216</u>	<u>2,212,340</u>
	<u>\$ 537,996</u>	<u>\$ 5,680,429</u>	<u>\$ 6,218,425</u>

Foundation (Unrestricted)

Foundation funds are unrestricted cash and investments included in the investment pools.

Philanthropic (Restricted)

Philanthropic funds are available for disbursement at the recommendation of the donor subject to approval by the Board of Directors.

Organization Owned Endowment (Restricted)

These assets represent endowment funds owned by other organizations who have chosen to have the Foundation invest those funds on their behalf. These are offset by the funds held for others liability.

Organization Owned Philanthropic (Restricted)

These assets represent unrestricted funds owned by other organizations who have chosen to have the Foundation invest those funds on their behalf. These are offset by the funds held for others liability.

Endowment (Restricted)

Endowment funds represent funds that are subject to restriction of gift instruments requiring that the principal be invested in perpetuity.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 4: CASH AND INVESTMENTS (CONTINUED)

The Foundation's assets may be invested in one or more or some combination of the following portfolios:

Portfolio A – Growth Fund: designated as the most aggressive mix of investments, the growth fund recognizes that the potential for greater returns brings with it the potential for additional risk. This fund is most appropriate for gifts which are expected to be invested for a least a term of five years. This fund is the default investment portfolio for endowment funds unless specified otherwise in the approved endowment agreement. The principal objective of Fund A is total return. The target asset allocation for this portfolio is currently 65% equities, 29% fixed income, and 6% cash and cash equivalents.

Portfolio B – Balanced Fund: designated as a moderate mix of investments. Like Portfolio A, donors need to recognize that the potential for greater returns brings with it the potential for additional risk. This fund is most appropriate for gifts that do not expect to distribute all or part of their value within three years. The principal objective of Portfolio B is 47% equity, 48% fixed income, and 5% cash and cash equivalents.

Portfolio C – Preservation Fund (fee based): designated as a conservative mix of assets in relatively liquid financial instruments and cash equivalents, with little or no potential for negative returns. This fund is most appropriate for donors seeking to minimize risk. This fund is the default investment option for all donor advised funds that exceed \$10,000 in asset value. The principal objective of Fund C is preservation of principal. The target asset allocation for this portfolio is currently 100% cash and cash equivalents.

Portfolio D – Preservation Fund (no fee): designated as a conservative mix of assets in relatively liquid financial instruments and cash equivalents, with little or no potential for negative returns. This fund is most appropriate for donors seeking to minimize risk. This fund carries no management fee and is the default investment option for all donor advised philanthropic funds of less than \$10,000 in asset value. The principal objective of Fund D is preservation of principal. The target asset allocation for this portfolio is currently 100% fixed income.

Portfolio E – Income Portfolio: designated as a conservative mix of fixed income assets, with little to moderate potential for negative returns. This fund includes a variety of high quality investment-grade fixed income assets. This fund is most appropriate for donors seeking low risk and current income. The principal objective of Portfolio E is current income. The target asset allocation for this portfolio is currently 100% fixed income.

Portfolio F – State of Israel Bond Fund: designated as a fixed income portfolio of State of Israel Bonds, with moderate potential for negative returns. This fund is comprised of a variety of State of Israel Bond fixed income investments. This fund is restricted to endowment funds where donors seek moderate to low risk, current income and specifically request State of Israel Bonds. The principal objective of Portfolio F is current income. The target asset allocation for this portfolio is currently 100% State of Israel Bonds.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 4: CASH AND INVESTMENTS (CONTINUED)

Investments are carried at fair value and consist of the following at December 31, 2014 and 2013:

	2014		2013	
	Cost	Fair Value	Cost	Fair Value
Portfolio A	\$ 4,588,591	\$ 4,932,347	\$ 4,366,585	\$ 4,652,454

NOTE 6: TEMPORARILY RESTRICTED NET ASSETS

As of December 31, 2014 and 2013, the Foundation had temporarily restricted net assets of \$2,347,595 and \$2,383,459, respectively, which was restricted for grants to be made to non-profit organizations in future periods.

NOTE 7: PERMANENTLY RESTRICTED NET ASSETS

As of December 31, 2014 and 2013, the Foundation had permanently restricted net assets of \$2,282,322 and \$2,212,340, respectively, which consists of endowment funds that are required to be maintained in perpetuity.

The Board of Directors interprets UPMIFA as requiring preservation of the fair value of the original gift as of the gift date of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets 1) the original value of gifts donated to the perpetual endowment, 2) the original value of subsequent gifts to the perpetual endowment, and 3) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with UPMIFA, the Foundation considers the following factors in making a determination of whether to invest or appropriate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation
7. The investment policies of the Foundation

Endowment funds are maintained in pooled investment portfolios. Interest, dividends, and realized and unrealized gains and losses in the investment pools are allocated monthly to the endowment funds in proportion to each fund's share in the investment pools.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 7: PERMANENTLY RESTRICTED NET ASSETS (CONTINUED)

The spending policy for the endowment funds allows for an annual appropriate equal to four percent of the individual account balance, based on a three-year trailing average. If those funds are not disbursed before the end of the fiscal year, they are retained as permanently restricted and subject to appropriation in the subsequent period.

Endowment fund activity for the years ended December 31, 2014 and 2013 are as follows:

	<u>Unrestricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Balance at December 31, 2012	\$ -	\$ 1,851,702	\$ 1,851,702
Contributions	-	143,931	143,931
Interest and dividends	-	48,062	48,062
Net realized and unrealized gain	-	245,247	245,247
