INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The Jewish Community Foundation of the West
Sacramento, California

Opinion

We have audited the accompanying financial statements of The Jewish Community Foundation of the West (a nonprofit organization), which comprise the statements of financial position as of December 31, 2024 and 2023, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Jewish Community Foundation of the West as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Jewish Community Foundation of the West and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Jewish Community Foundation of the West's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Jewish Community Foundation of the West's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Jewish Community Foundation of the West's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1: ORGANIZATION

The Jewish Community Foundation of the West (the "Foundation") was incorporated on January 4, 2000, under the laws of the State of California with the purpose to enhance charitable giving; facilitate philanthropy both locally and worldwide; and build permanent financial resources to strengthen organizations and programs that serve Jewish families.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Foundation is presented to assist in understanding the Foundation's financial statements. The financial statements and notes are representations of the Foundation's management who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The financial statements of the Foundation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Internally, the Foundation accounts and reports for its operations in individual funds, each established according to their nature and objective. While separate accounts are maintained for each fund, the funds have been combined in these financial statements. The funds of the Foundation are maintained as follows:

Administrative Fund – Administrative funds represent a portion of expendable resources that are available for the Foundation's operations.

Endowment Fund – Endowment funds represent funds that are subject to restriction of gift instruments requiring that the principal be invested in perpetuity.

Donor Advised Funds – Donor advised funds are available for disbursement at the recommendation of the donor subject to approval by the Board of Directors.

Basis of Presentation

The Foundation presents its financial statements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 958, Subtopic 210 (FASB ASC 958-210), *Presentation of Financial Statements of Not-for-Profit Entities*. Under FASB ASC 958-210, the Foundation is required to report information regarding its financial position and activities according to the following two classes of net assets:

Net assets without donor restrictions - Net assets that are not subject to stipulations. Undesignated net assets are unrestricted funds for use in day-to-day operations of the organization. Net assets designated for donor advised funds are available for disbursement at the recommendation of the donor subject to approval by the Board of Directors.

Net assets with donor restrictions - Net assets that are subject to donor stipulations that will be met by actions of the Foundation or the passage of time. Net assets with donor restrictions include funds to be expended for charitable purposes at the recommendation of the donor or management and in conjunction with approval by the Foundation's Board of Directors. Net assets with donor restrictions also include endowment funds that are subject to donor stipulations and must be maintained permanently by the Foundation.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation (Continued)

A portion of investment income and realized investment gains of the endowment funds are expendable for charitable purposes at the recommendation of the donor or management in conjunction with approval by the Foundation's Board of Directors. The Foundation retains a variance provision that allows the Board to modify a donor's restrictions. Based on that provision, the Foundation classifies contributions otherwise restricted by donors and their related activity, except as noted above, as net assets without donor restrictions for financial statement presentation.

Revenues and gains and losses on investments are reported as changes in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as changes in net assets without donor restrictions. Expirations of donor restrictions on net assets are reported as reclassifications between the applicable classes of net assets.

The Foundation recognizes revenue from contracts in accordance with the provisions of FASB ASC Topic 606, *Revenue from Contracts with Customers* (FASB ASC 606). The majority of the Foundation's revenue is derived from account fees based on predetermined rates for managing various donor funds and is recognized periodically as the fees are earned.

Program and Functional Expenses

The costs of providing program services have been summarized on a functional basis in the statement of functional expenses. Costs specifically identified with programs or fundraising are directly allocated to those functions. All costs not identifiable with a specific program or fundraising activity, but indispensable to the conduct of such programs and activities and to the Foundation's existence, are included as management and general expenses. Expenses that benefit more than one function of the Foundation are allocated among the functions based generally on the amount of time and effort spent by personnel on each function.

Donations and Grants Received

Donations and grants received are measured at their fair value and reported as an increase in net assets. Donations to donor advised funds are subject to variance power and give the Board the power to modify any restriction or condition on the distribution of funds for any specified charitable purpose or to specified organizations if, in the sole judgment of the Board, such restriction or condition becomes, in effect, unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community or area served. The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as released from restriction. The Foundation evaluates the collectability of its receivables on an ongoing basis and maintains an allowance for credit losses using a combination of historical loss experience, current conditions, and reasonable and supportable forecasts in accordance with ASC 326 – *Financial Instruments – Credit Losses*. The Foundation considers all receivables to be fully collectible and no allowance for credit losses accounts is recorded.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Foundation considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. Additionally, in accordance with FASB ASC 958-230-55, cash receipts restricted to long-term purposes by donor stipulation are reported in the statement of cash flows as financing activities. In accordance with FASB ASC 230, *Statement of Cash Flows*, the statement of cash flows presents the total change in cash, including restricted cash, during the year.

Concentrations

The Foundation maintains cash in bank deposit accounts, which at times, may exceed federally insured limits. These accounts are insurable by the Federal Deposit Insurance Corporation up to \$250,000 per bank for each category of legal ownership. The Foundation has not experienced any losses in such accounts and management believes the Foundation is not exposed to any significant credit risk on cash and cash equivalents.

Certain money market accounts and short-term investments are covered under the Securities Investor Protection Corporation (SIPC) up to \$500,000 on securities and \$250,000 on cash balances. The Foundation's custodian of securities carries an additional private brokerage insurance of up to \$1.9 million.

During the years ended December 31, 2024 and 2023, the Foundation had seven and six major contributors that accounted for approximately 83% and 85%, respectively, of the Foundation's total contributions. Management believes that the Foundation is not exposed to any significant concentration of risk in the near term.

Property and Equipment

Property and equipment consist of office equipment and is stated at cost. The Foundation provides for depreciation over the estimated useful lives of the assets using the straight-line method. The estimated useful lives of the equipment range from three to seven years.

Investments

The Foundation has adopted FASB ASC Topic 958, Subtopic 320, *Not-for-Profit Entities – Investments–Debt and Equity Securities* (FASB ASC 958-320). Under FASB ASC 958-320, investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Investments in securities are reported at fair value based on quoted market prices for marketable equity securities and money market mutual funds. Changes in fair value are recorded as unrealized gains (losses). Realized gains (losses) are recorded upon the sale of the investments. Investment gains pertaining to certain restricted net assets are recorded as with donor restrictions or without donor restrictions in accordance with the applicable gift instruments, with the exception of certain donor-advised funds where the Board retains variance power over the use of those funds. Interest income is recognized under the accrual basis and dividend income is recognized on the ex-dividend date.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments (Continued)

The Foundation regularly reviews all investments for impairment. For investments in an unrealized loss position, the Foundation determines whether a credit loss exists. The credit loss is estimated by considering available information relevant to the collectability of the investment and information about past events, current conditions, and reasonable and supportable forecasts. Any credit loss is recorded through operations, not to exceed the amount of the unrealized loss. If the Foundation intends to sell its investment before recovery of the amortized cost basis, the investment will be written down to its fair value and a corresponding charge is included as a component of operations. For the years ended December 31, 2024 and 2023, there was no provision for credit losses on investments.

Investment Pools

The Foundation maintains investment pools, consisting of the resources of various endowments and managed funds, to increase its investment flexibility. The endowment funds are accounted for using the "market value unit method." Under this method, each donor fund is assigned several units based on the relationship of the market value of all investments at the time of entry in the pool. Pooled assets are valued and new unit values are calculated monthly.

Funds Held for Others

The Foundation receives and distributes assets under certain agency and intermediary arrangements. FASB ASC 958-605 (formerly SFAS No. 136, *Transfers of Assets to a Not-for-Profit Organization or Charitable Trust that Raises or Holds Contributions for Others*), establishes standards for transactions in which a community foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that the donor specifies. FASB ASC 958-605 specifically requires that if a not-for-profit organization establishes a fund at a community foundation with its own funds and specifies itself or its affiliate as a beneficiary of that fund, the community foundation could account for the transfer of such assets as a liability. The liability has been established at the fair value of the funds, which is generally equivalent to the present value of future payments expected to be made to the not-for-profit organizations reflected under funds held for others on the accompanying statement of financial position.

Tax Status

The Foundation is exempt from federal income tax under Section 501(c)(3), and is not a private foundation under Section 170(b)(1)(A)(vi) of the Internal Revenue Code (IRC). The Foundation is exempt from state income tax under Section 170(b)(1)(A)(vi) of the California Revenue and Taxation Code. After they are filed, the Foundation's income tax returns remain subject to examination by taxing authorities generally for three years for federal returns and four years for state returns.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair Value Measurements

The Foundation has implemented the provisions of FASB ASC Topic 820, Subtopic 10 (FASB ASC 820-10), which defines fair value, establishes a framework for measuring fair value, and expands disclosure requirements for fair value measurements.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The Foundation follows the guidance in FASB ASU no. 2018-13 *Fair Value Measurement* (Topic 820): *Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU modifies the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*. The objective of these disclosure requirements is to provide financial statement users with information about assets and liabilities measured at fair value regarding (1) the valuation techniques and inputs used to develop fair value measurements, including the related judgments and assumptions made, (2) the uncertainty in the fair value measurements as of the reporting date, and (3) how changes in the measurements impact the performance of the Foundation.

FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Foundation determines the fair values of its assets and liabilities based on the fair value hierarchy established in FASB ASC 820-10. The standard describes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Foundation can access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an on-going basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Foundation's own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Foundation's own data.

The following methods and assumptions were used by the Foundation in estimating the fair value of its financial instruments: Fair values, which are the amounts reported in the statement of financial position, are based on quoted market prices. There have been no changes in the methodology used as of December 31, 2024 and 2023.

The Foundation follows the provisions of FASB ASC 825, which enhances the reporting model for financial instruments by providing financial statement users with more decision-useful information.

Leases

The Foundation presents its leases in accordance with the provisions of FASB ASC 842, *Leases*. Leases with an initial term of 12 months or less, which are not expected to be renewed beyond one year, have not been recorded on the statement of financial position and are recognized as lease expense on a straight-line basis over the lease term.

Subsequent Events

Events and transactions have been evaluated for potential recognition or disclosure through September 8, 2025, the date that the financial statements were available to be issued.

Subsequent to year end, the Foundation received a significant deposit in excess of \$20 million, effectively doubling the total size of their investment holdings.

THE JEWISH COMMUNITY FOUNDATION OF THE WEST

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 4: CASH, INVESTMENTS, AND FAIR VALUE (CONTINUED)

Cash and Cash Equivalents, and Investments (Unrestricted)

The Foundation maintains unrestricted cash and investments included in the investment pools.

Donor Advised (Unrestricted)

Donor-advised funds are available for disbursement at the recommendation of the donor subject to approval by the Board of Directors. Included in this category of assets are donor-advised funds owned by other organizations that have chosen to have the Foundation invest those funds on their behalf. The Board maintains variance power over these recommendations, including funds held for other organizations, and the Foundation considers these funds to be without donor restrictions.

Endowments Held for Others (Restricted)

These assets represent endowment funds owned by other organizations that have chosen to have the Foundation invest those funds on their behalf. These are offset by the funds held for others liability.

Endowment (Restricted)

Endowment funds represent funds that are subject to restrictions of gift instruments requiring that the principal be invested in perpetuity.

The Foundation's assets may be invested in one or more or some combination of the following portfolios:

Portfolio A – Growth Fund: The primary objective of Portfolio A is a growth-oriented portfolio focused on total return. The target asset allocation for this portfolio is currently 78% equities, 2% fixed income, and 20% cash and cash equivalents.

Portfolio B – Balanced Fund: The primary objective of Portfolio B is a balanced portfolio focused on total return. The target asset allocation for this portfolio is currently 49% equities, 2% fixed income, and 49% cash and cash equivalents.

Balance, December 31,	<u>\$ 2,287,444</u>	<u>\$ 1,588,305</u>

NOTE 6: ENDOWMENTS

At December 31, 2024 and 2023, the Foundation had endowment funds of \$10,348,936 and \$7,176,956, respectively, that are required to be maintained in perpetuity.

The Board of Directors interprets the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring preservation of the fair value of the original gift as of the gift date of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets 1) the original value of gifts donated to the perpetual endowment, 2) the original value of subsequent gifts to the perpetual endowment, and 3) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

In accordance with UPMIFA, the Foundation considers the following factors in determining whether to invest or appropriate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Foundation and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the Foundation
7. The investment policies of the Foundation

Endowment funds are maintained in pooled investment portfolios. Interest, dividends, and realized and unrealized gains and losses in the investment pools are allocated monthly to the endowment funds in proportion to each fund's share in the investment pools. The spending policy for the endowment funds allows for an annual appropriation equal to four percent of the individual account balance, based on a three-year trailing average. If those funds are not disbursed before the end of the fiscal year, they are retained as permanently restricted and subject to appropriation in the subsequent period.

NOTE 7: PRIOR PERIOD REVISION

During 2024, management reorganized the classification of organization owned donor advised funds, which were previously recorded as a liability. Management made these changes to better reflect the original intent and structure of the funds and to align with their current approach to managing distributions of funds. While donor-advised funds from other organizations are held and managed by the Foundation, the Board retains variance power over the disbursement of funds. The effect of this revision as of December 31, 2023 and 2022, and for the year ended December 31, 2023, is summarized as follows:

	Net Assets		
December 31, 2022, original balance	\$ 9,884,695
